

FOR IMMEDIATE RELEASE

August 2011

Celebrating the best in British packaging design at easyFairs with Synergie and Burgopak

To mark a new relationship within the British packaging design industry, Synergie and Burgopak will be hosting stand H7, together with Kodak, at this year's easyFairs Packaging Innovations in London.

Combining innovation, practicality, quality and vast industry knowledge and experience, Synergie and Burgopak are now working together to provide a broader range of products and dedicated services in packaging design. For high quality custom design and the patented slider pack, Synergie is Burgopak's preferred manufacturing partner for UK-based projects.

A range of exceptional packaging designs will be on display at the companies' easyFairs stand, including the Mi Suny iPower4 slider pack, a clever retail-ready POS solution demonstrating the ability to show a product in an exciting way while ensuring product protection and ease of opening. As well as showcasing the best in British packaging design, Synergie and Burgopak are also holding an exciting prize draw with the chance for visitors to the stand to win a Kodak Digital Camera.

easyFairs Packaging Innovations 2011 is being held at the Business Design Centre in London from 6-7 October. Synergie and Burgopak can be located on stand H7 with representatives available for brief consultations and to offer advice on all your packaging requirements.

About Complete Synergie Ltd

Complete Synergie Limited is a young, fast growing, innovative business providing a complete range of high quality, marketing, production and fulfillment solutions.

Complete Synergie has a varied client base and can provide end-to-end solutions from concept to completion, including the manufacturing of printed content, promotional merchandise and media.

This is all managed at our five manufacturing sites – Basingstoke, Solihull, Plymouth, Lymington and Newbury. The sum of our capabilities has created a very unique business within the United Kingdom.

We are capable of finishing 99% of products in-house; this means that you will enjoy a service that we are in control of.

We treat your project as if it is our own and we have the drive, passion and determination to ensure we exceed your requirements.

We want to know what matters to you...
